

# AXIS BELIEVED ABANDONING ALL AFRICA

## Meandering Along the Main Stem

By WASH FAYETTE

Apparently the Record-Herald is just as much sought after among its readers today as it was 35 years ago, and I had to laugh when I read the following excerpt from "The Daily Herald" of November 26, 1887.

"Our little Daily Herald (it contained four pages 12 by 20 inches at that time) is the innocent cause of a lively commotion in nearly every family in the city. It's not our fault, but it is said to be a fact that just as soon as the carrier boys toss the little evening visitor in the homes of our citizens, a lively strife begins in the families and a pulling and hauling among them to get the first interview with the little tale-bearers, if of daily occurrence. But we have heard of no bloodshed as yet, and 'all is well that ends well'."

Fayette County drivers who are disgusted with motorists that openly violate the government's order of not over 35 miles per hour, are being asked by the Ohio State Safety Council to give the Victory code with their auto horn when the violator whizzes by.

In a recent bulletin the Safety Council says:

"Do you want to get even with the rubber wrecker? Do you want to tame the tire torturer, who whizzes by when you're holding down to a patriotic 35—who squeals his tires on corners and specializes in jackrabbit starts and bucking bronco stops? Well, the Ohio State Safety Council suggests one may to cool off this highway hotshot. Give him three shorts and a long on your horn—the International Code "V" for Victory. The Council believes that if enough of us use this handy means of reminding the reckless driver that he isn't doing his part in the conservation effort, he'll soon catch on and fall into line—result—more rubber and fewer crashes."

"In case you don't know it, it's a mighty uncomfortable feeling to step into a paper bag full of eggs; it's nearly as bad as some of the experiences I used to have as a barefooted kid 'down on the farm,'" said a local professional man and I was interested immediately.

It seems that the man was hurrying from home before daylight one morning recently and had forgotten that a bag of eggs had been placed in the doorway by an early-rising farmer who supplies the family with eggs.

Opening the door hurriedly he made a step, and his foot crushed the bag of eggs into one huge, shell-filled omelet, much to his embarrassment.

And his wife did not get mad and scold him? Not for an instant. She had a hearty laugh over the affair, and ordered a fresh supply of eggs.

## NEW NAZI ASSAULT LAUNCHED ON VOLGA

Reds Meet and Stop Attack With Heavy Losses

MOSCOW, Nov. 13.—(P)—Repeated German attacks, which Red Star characterized as the beginning of a new Nazi offensive, were hurled at the defenders of Stalingrad yesterday but the Russians declared today that all the assaults had been repelled with heavy Nazi losses.

The Red army organ said the Germans had thrown overwhelmingly superior forces into the battle and the midday communiqué of the Soviet Information Bureau described the fighting as fierce.

Northwest of the Volga River city, Russian troops repulsed an enemy attack and wiped out 150 Nazis, the bulletin added.

The government organ Izvestia reported meanwhile that Russian aviators of the Black Sea fleet had made a damaging surprise raid with parachutists on a German airbase near Maikop in the Caucasus.

## ITALIAN MORALE HITS NEW LOW AS FEARS RISE

Faced with Threat of Allied Invasion While Hitler's Hordes Take Over

PROPAGANDISTS ARE BUSY

Not Yet Ready for Revolt, with Nazis Over Them, But Neither Are They Full of Fight

By RICHARD G. MASSOCK (Former Chief of the Rome Bureau of The Associated Press)

WASHINGTON, Nov. 13.—Faced with its first threat of invasion in the war, a quailing Italy is hastily looking to its defenses against American and British troops, radio reports today indicated.

The obvious apprehension among the Fascists was considered all the more significant by those acquainted with wartime Italy because an Allied invasion still is believed here to be a long way off.

Italian morale, meanwhile, almost certainly has reached a new low as the first effect of Allied occupation of French North Africa. This statement is based on first-hand knowledge of the fluctuations of Italian morale in the past, particularly during the ill-starred Greek campaign. It is backed by the Fascist propaganda ministry's broadcasts to the people.

As overheard by American listening posts, the Rome radio is exhorting Italians to cease their trembling. Dictator Benito Mussolini's Popolo D'Italia has called on Italians to hold fast (tenor duro), a new familiar plea in times of stress on the internal front. The duce used it particularly a year ago when Italians began to grumble more or less openly at the pinch of stringent food rationing.

This is not say that Italians, cowed by 20 years of Fascism and now by the Germans in their midst, are

## 11 JAP SHIPS SUNK IN SOUTH PACIFIC

Supplies and Troops for Solomons Sent Down

WASHINGTON, Nov. 13.—(P)—American submarines and bombing planes, striking at Japanese supply lines, sprawled across the South Pacific put at least 11 cargo or transport vessels out of action in the battle for the Solomon Islands and New Guinea.

Seven of the equipment and troop-carrying craft were sent to the bottom by torpedoes launched from far-ranging submarines. Heavy bombers caught four others and damaged them in the harbor at the Japanese Buin-Faisi base in the northern Solomons.

On land in the Solomons a lull apparently has developed in the battle between American troops and Japanese invaders seeking to regain Henderson Airfield from which bombers can control many shipping lanes.

In New Guinea, however, the battling of ground troops continues to pile up victories for American and Allied forces.

KAISER'S SHIPBUILDING RECORD BROKEN  
SAN FRANCISCO—Another ship construction record was set on San Francisco Bay today. The Pacific Bridge Company launched the 8,000-ton freighter Samuel Very, 80 hours after the keel was laid. This shattered Henry J. Kaiser's record, set yesterday.

SERBIAN TOWN WIPED OUT BY GERMANS  
LONDON—A thousand Serbs, many of them women and children between the ages of 12 and 17, were executed last September 29 at a single town—Vukovar on the Danube River northwest of Belgrade—the Yugoslav Information Bureau reported today.

CONGRESSMAN TALKS SELF INTO TROUBLE  
WASHINGTON—Accusing representative Maas (R-Minn.) of having "rendered aid and comfort to the enemy" in a speech broadcast last night, Representative Vincent (D-Ky.) called today for a Congressional investigation of Maas' "serious charges."

## Wintery Blast Hits Ohio and Mercury Drops

First Cold Wave of Season Sweeps Over Midwest on High Wind; 20 to 25 Degree Drop in Temperature Forecast; Gales Lash Lakes and Northern Part of State

COLUMBUS, Nov. 13.—(P)—The first cold wave of the season moved into Ohio today.

George W. Mindling meteorologist at the Columbus Weather Bureau, said temperatures would tumble as much as 20 to 25 degrees by tomorrow morning.

On the basis of recordings at the time the prediction was made, this would send readings to the low 20's in northwest Ohio, Mindling said, and to the middle and low 20's in the rest of the state.

The wave came in on a high wind that developed last night and continued through this morning. The wind is expected to diminish late today.

Waves 40 feet high crashed over breakwaters in Cleveland harbor as the wind at times blew with gale velocities over 40 miles per hour.

Giant waves smashing the Gordon Park Beach at Cleveland forced police to erect barriers blocking traffic on Lakeshore Boulevards from E. 72d Street to East Boulevard. Traffic was detoured through the heights of the park.

Several ore carriers pounded by big waves took refuge behind Pelee Island.

One freighter went aground in Sandusky Harbor as high winds pushed the craft out of the channel. It was released several hours later.

Passenger traffic between Sandusky and Lake Erie Islands was halted, with the motorship Mascot of the Neuman Boat Lines staying in harbor at Put-in-Bay.

Waterfront piers along Sandusky Bay were buffeted by waves four to five feet high, Marine men said.

## RUNAWAY ELEPHANT STILL ON RAMPAGE

Farmer, Who Joined Hunt in Indiana, Injured

WABASH, Ind., Nov. 13.—(P)—Modoc, runaway elephant, charged today at a group of her pursuers and Kenneth Kindley, 35, a farmer who had joined the Hoosier Safari, suffered dangerous injuries.

Kindley was taken to a hospital at Huntington. Fellow companions in the hunt said he may have suffered a broken neck. There were conflicting reports as to whether he had been trampled by the animal or was injured in a fall while scrambling to escape its charge.

The elephant dashed at a group of farmers who had surrounded her on the farm of Roscoe McDaniels along the Salamonie River nine miles south of Andrews.

The two-ton elephant escaped Wednesday.

## MINNESOTA SOLON HITS WAR POLICIES

Wants Uncle Sam To Go After Japs To Save World

WASHINGTON, Nov. 13.—(P)—More emphasis on the war with Japan was demanded last night by Rep. Maas (R., Minn.), a colonel in the Marine Reserves, with the contention that the future of "the white man's civilization" rests upon the outcome of the Pacific fighting.

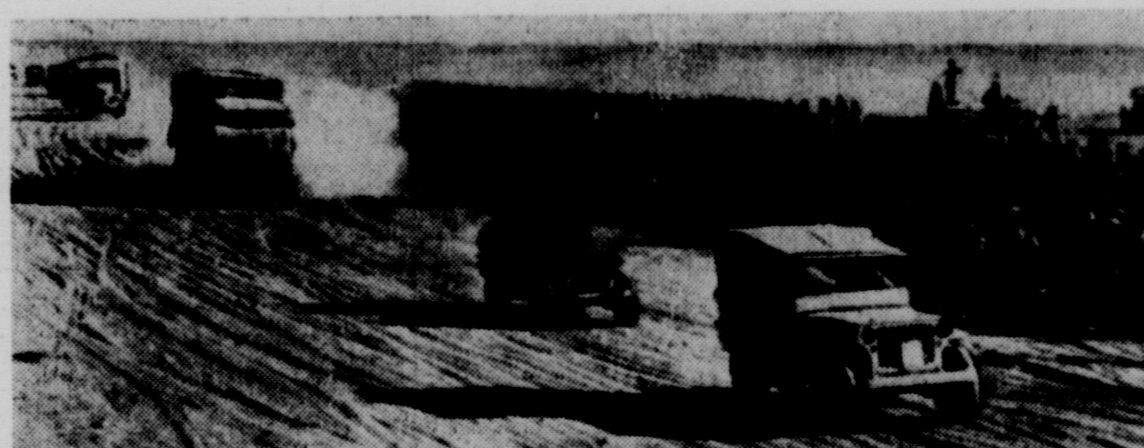

In a radio address, he said "we are still using the war in the Pacific."

"It will make little difference in the end who wins in Europe, we or Hitler, if the Japs win in the Pacific," he said, "for in twenty or thirty years a billion and a half orientals, industrialized, organized and mobilized by Japan, will overrun a war devastated Europe and, finally, America, too."

## Part of Axis Thousands Captured in Egypt

At the beginning of the British advance in Egypt, Axis prisoners were brought in by dozens. Now members of Marshal Rommel's Afrika Korps are rounded up by hundreds. A large number of these captives are shown being marched to the rear, while a British truck convoy speeds past them. Only the rear guards of Rommel's once-powerful army remain in Egypt. The beaten remnants have fled into Libya. This is a radiophoto. (Central Press)

## New Hope for Rickenbacker As One of Plane's Crew Found

WASHINGTON, Nov. 13.—(P)—Hope for the rescue of Captain Eddie Rickenbacker, the famous World War ace who has been missing in the Pacific since October 21, was revived today when the war department announced the rescue yesterday of a member of the crew of the plane which was last heard from over Hawaiian waters.

Hopefully the war department said: "It is believed possible that other survivors may be on life rafts in the same general vicinity."

Days after the plane disappeared, Secretary of War Stimson still had held hope of Rickenbacker's rescue, commenting that the flier was "an exception to ordinary rules."

The rescued flier was Capt. William T. Cherry, Jr., of Abilene, Tex. The department said he was picked up by the navy yesterday, "in good condition, but weak."

The rescue immediately intensified search of the vast ocean areas south of Honolulu where Rickenbacker's plane disappeared October 21, when the World War flying ace was en route to the south Pacific to survey army air forces for Secretary of War Stimson and Lieut. Gen. Henry H. Arnold, air force chief.

The war department said in announcing Capt. Cherry's rescue that in the unidentified area of the south Pacific where he was found, "an intensive search of the area is being made by surface vessels and long-range planes."

Cherry was pilot of the Rickenbacker plane. It was last heard from on October 21 in a message picked up by an island station southwest of Honolulu saying sufficient gasoline remained for only about one hour's flight.

## Comic Opera in War

Yanks Put on Old Fashioned Wild West Show in Algerian Town as They Pick Off Snipers

By WILLIAM H. STONEMAN  
U. S. Correspondent with the AEF in Africa  
(Distributed by the Associated Press)

SOMEWHERE IN ALGERIA, Nov. 12.—(Delayed)—Comic opera intruded into the great Allied expedition to North Africa Sunday morning, the opening day of the campaign, west of Algiers at the small suburb of El Biar.

A small army of American boys who never had heard a gun go off in anger before tangled with a bunch of Frenchmen in what is now known as the Battle of El Biar.

There was nothing funny about the shooting. The comedy was provided by our French civilian friends and by those strangers of all people, the Arabs.

French snipers and machine-gunners had established themselves in a barracks just west of the Algiers suburb earlier in the day and the battle happened when our boys decided it was time to stop fooling around.

Fire from 25-pound mortars and machine-guns drove the French out of the barracks and back into town.

I found our boys sneaking from tree to lamp post, ducking

## MEAT-SAVING MENUS PRIOR TO RATIONING

State Defense Council To Put Out Helpful Hints

COLUMBUS, Nov. 13.—(P)—Houswives. Your meat-rationing worries are over—almost.

The State Defense Council can't assure you more meat when rationing comes, but one of its representatives will knock at your door soon with the next best thing—a book of meat-saving menus and suggestions for getting your family to cooperate.

State Defense Director Ralph H. Stone announced today that block and neighborhood defense leaders would conduct a house-to-house campaign beginning November 30 to explain the government's "share the meat" program.

## AIR TRANSPORTS DOWNED FLYING FROM TUNISIA

Meanwhile, Tobruk Retaken By Allies as Pincers Close on Rommel

FRENCH FLEET IN MIDDLE

Yanks Continue To Spread Protective Control Over Invasion Springboard

By ROGER D. GREENE  
(By The Associated Press)

The great 2,500-mile Allied Pincers sweep against the Axis armies in North Africa was fast closing today as British troops captured historic Tobruk, 80 miles inside Libya, and indications arose that the Axis might be quitting Tunisia.

From Agadir, westernmost landing place of American expeditionary forces in Morocco, to El Alamein, where the British Egyptian offensive started, the distance is approximately 2,500 miles, covering the whole arc of North Africa.

American and British columns are now reported near or on the Tunisian border, 1,200 miles east of Agadir.

With the 305-mile British advance from El Alamein to Tobruk, the gap between the two armies thus stands at less than 1,000 miles.

British headquarters announced that the victorious British desert armies entered Tobruk this morning and the Axis was in headlong flight.

They had previously captured Bardia, 15 miles inside Libya, and Halfaya ("Hellfire") Pass on the Egyptian-Libyan frontier.

The German radio conceded the loss of the prize Mediterranean citadel within an hour after a special British war bulletin announced its capture.

This was the second time the port, in Axis hands since last June 22, had fallen to the British.

Nazi Field Marshal Erwin Rommel's broken armies were now apparently in wild flight as the British reported that waves of RAF planes swept low over retreating Axis trucks and troop columns fleeing from Tobruk to Gazala, 30 miles further west.

British mobile columns were reported in hot pursuit of the retreating Nazis, who previously had abandoned most of their Italian allies in the Egyptian desert in an attempt to make good their own escape.

British dispatches said six large Italian troop-carrying planes filled with German soldiers "flying north, probably from Tunisia," had been shot down into the sea by RAF fighters.

This conceivably could mean that the Axis was abandoning Tunisia without a fight after landing from 2,000 to 3,000 airborne troops and fliers in the French protectorate.

Anglo-American troop columns numbering perhaps as high as 150,000 men were reported near the Tunisian frontier, racing eastward in a synchronized sweep to help trap Rommel's armies fleeing from Egypt.

Tunisia, the key to the whole struggle for the western Mediterranean, lies between Algeria and Italian Libya.

Once in Allied hands, it could serve as a jumping-off point for an invasion of the Italian islands of Sicily and Sardinia, Italian-occupied (French) Corsica or even the French mainland.

British headquarters said heavy RAF attacks were delivered on lines of vehicles moving along the coastal highway from Tobruk to Gazala, 30 miles farther west.

Other RAF planes hammered at remnants of Rommel's retreating Africa Corps near Tobruk itself, the British announced.

Capture of Bardia meant that Lieut. Gen. B. L. Montgomery's British 8th Army had advanced approximately 236 miles from the old El Alamein front, 80 miles west of Alexandria, the springboard for the great British offensive which began October 23.

Meanwhile, Adolf Hitler was moving with desperate urgency

SECOND BANNER FOR INCREASE WON BY EAGLES

Class of 21 Candidates Is Initiated with Compliments Of District Director

The latest initiation of a class of 21 candidates brought the second Blue Ribbon Banner, emblematic of membership increase to Fayette Aerie F. O. Eagles and even greater prestige throughout Eagledom throughout the state.

The new Eagles, Jesse E. Allen, Ray J. Mathews, Loren B. Hynes, Carl D. Anderson, William Morris, Thomas McCorkle, Earl J. Slack, Herbert E. Wynn, John J. Oster, John H. Oster, Kenneth See, Ora E. Middleton, George D. Shely, Hugh C. Cline, Herbert Jones, Robert Boyd, Roy E. Coe, Jr., Mathew McDonald, Earl L. Hux, George Weidinger and Charles Noble, were welcomed by W. B. Hyer, the Eagle state vice president, in whose honor the class was initiated.

Ray Ballenger of London, the district governor of the Eagles, radiated obvious enthusiasm over the progress being made in the development of the lodge here and declared that Fayette Aerie, because of its activities and far-reaching program, was becoming a subject of discussion all over the state and even gaining national recognition. He said the "keen sense of rivalry being created among Aeries of the district by the activities of Fayette Aerie is particularly pleasing."

Fayette Aerie won its second Blue Ribbon Banner with a new member total of 160 in the record time of five months. It was presented to the worthy president of the Aerie, R. W. Hays, during the session following the initiation.

Lunch was served at the conclusion of the ceremonies and business meeting.

EX-DIVING BEAUTY CLEARED OF CHARGE

Merchants Fail To Connect Her with Thefts

LOGANSPOUT, Ind., Nov. 13.—(AP)—Police Chief O. R. Carson said today that three Bryan, O., merchants, failed to connect a woman charged with grand larceny under the name of Stella Walsh of Cleveland with recent thefts of clothing from their stores.

The Ohio merchants came here yesterday to attempt identification.

Prosecutor Frederick Hanna said Miss Walsh, who is held here under \$3,000 bond in connection with local store thefts, had identified herself as a woman athlete who gained world-wide fame in recent Olympic contests.

Translated into ammunition, kitchen fats and greases turned in each day to Kroger stores throughout the Middle West and South are sufficient for the manufacture of explosives for 12,787 anti-aircraft shells. Examining one of these small but deadly missiles in a Kroger market in Cincinnati is Miss Shirley Doellman, employee of the meat merchandising department at Kroger's general office, who has just given the butcher a pound of waste fat, enough for four shells. Officials of the company report that 19,181 pounds of the fat is collected each week, and when final arrangements for collection from the stores by the renderers are completed, the average weekly figure will be much higher.

POET'S CORNER

**FORWARD, MARCH!**  
Make way for liberty! Make way!  
America rides forth today;  
Upon the land and sea and sky,  
Her legions lift their battle-cry  
In challenge to a ruthless foe  
That plunged the world in war  
and woe.

Make way for liberty! Make way!  
America has joined the fray  
Against the avaricious horde  
That wastes the land with fire  
and sword;  
Fused in one common cause and clan,  
It is the saving hope of man.

Make way for liberty! Make way!  
Strike down the hand that would delay  
Our gallant legions as they throng  
To fight against embattled wrong;  
God, may Thy power and wisdom be  
The strength of Freedom's unity.  
—FRANK GRUBBS.

**A BOY IN UNIFORM**  
There is a soldier boy in uniform  
Out on the road somewhere;  
He has just been home to see his folks,  
He stayed as long as he dare;  
Slow down! Stop your car,  
If you are going his way;  
Give some mother's son a lift  
And help him on his way.

As he gets in your car,  
Just give him a smile and a cheery word or two;  
You may never know the good you do,  
If you are kind and true;  
Just treat him as tho' he was your son,  
And let him know you care,  
And tell him you hope to meet him again;  
Some time, some place, somewhere.  
—ALBERT C. VINCE.

**OUR RENTED HOUSE**  
Our body is a rented house  
In which we live while here on earth,  
And we should keep it in repair  
With years added to original worth;  
The inside kept in healthy state,  
On memory walls hang pictures fair;  
The outside too keep clean and sweet;  
Give to them both the utmost care;  
For when we leave this rented house,  
And go beyond this mortal sphere,  
A record will be made above,  
What kind of tenants we were here.

**OCTOBER DAYS**  
October days are here again.  
The frost is on the sod;  
And here and there along the fence,  
We see the golden-rod.  
The fodder now is in the shock,  
The wheat fields getting green;  
And along the creek and in the woods,  
The wild life, too, is seen.  
Mother Nature has put on a gorgeous robe  
Of colors rich and rare;  
And carries high her noble head,  
With asters in her hair;  
She reminds me of an Indian maid,  
Adorned for her wedding day;  
Or of the Church, when Christ shall come,  
To take His Bride away.

'ROLL OF HONOR' TO BE PUT UP AT JEFFERSONVILLE

Plaque with Names of Boys In Service To Be Placed In Heart of Village

The people of the Jeffersonville community today were looking forward to the day in the not too distant future when their boys who have joined the country's armed forces will be given public recognition.

The Gold Star Post of the American Legion and its Auxiliary have completed plans for a "Roll of Honor" bearing the names of all of the community's servicemen.

The huge plaque, 12 by 16 feet in size, is to be placed in the heart of the village at the intersection of Main and High streets, there to remain for the duration of the war and indefinitely afterward. The plaque is to be appropriately decorated and inscribed, it was said. The list of names will be so arranged as to leave space for the addition of those of men called in the future.

Plans are being made, it was said, to have the "Roll of Honor" lighted during the evenings. The expense is to be met by voluntary contributions. Those who want to add to the fund, it was said, may get in touch with any of the Legion or Auxiliary committee: Commander Russell Mowery, Lee Draper, O. E. Spengler, Charles Seibert, Mrs. Pearl Wiseman, Mrs. Eunice Draper Mrs. Florence Seibert and Mrs. A. E. Kemp.

CHICAGO, Nov. 13.—(AP)—The "V-home" stickers signifying full war cooperation were pasted today in the windows of every one of the 100 residences in the little village of Kenney, Ill., 433 population.

Major Gen. Frank Parker, Illinois defense council director, announced that Kenney was the first community in the nation to attain a 100 percent "V-home" record.

It has been estimated that half the adult population of the United States plays bridge.

AROFF DISMISSED AFTER NAVY TRIAL

Accused of Accepting Car From Movie Actor

SAN FRANCISCO, Nov. 13.—(AP)—Maurice Aroff, formerly a lieutenant commander, has been dismissed from the Navy, Lieut. Marvin McCarthy naval press relations officer at Washington, disclosed last night.

Aroff was tried by a court martial last summer on charges of misconduct and falsehood.

A six-man naval courtmartial tried Aroff on seven charges, one of which was that he accepted a \$950 auto from Tony Martin, singer and actor, to hasten Martin's enlistment in the Navy as a chief specialist. Aroff denied most of the accusations.

**THE FINAL TEST**  
The people of this country are face to face with the most critical of all tests that can be exacted of our form of government—inflation. It is more difficult to understand than war. It is intangible.

Dr. Paul F. Cadman, leading economist, has pointed out that it will take a lot more than laws to fight inflation. The present policy of one group blaming another group in seeking a scapegoat for the rising cost of living, will prove disastrously futile. If continued, it will offset all tax measures, forced savings, price regulations, wage stabilization, rationing, and credit control.

Inflation is a challenge to the individual. As Dr. Cadman observed: "This is one of the real occasions when the American people have a chance to demonstrate the moral fiber of the nation in their willingness to be obedient to the unenforceable. For, of a truth, inflation cannot be controlled by either legislation or compulsion."

Most of us have occasionally been guilty of unconsidered attacks on industry, labor, or politics, as if each group was a separate entity. We need all three groups and the sooner we realize it, just so much sooner will leaders of each group moderate their policies.

It is a mortal certainty that if the irrelevant disputes don't cease, we might as well abandon the hypocrisy of waving the American flag and consoling ourselves in our discontent with brass bands. It is inconceivable that we cannot live up to the ideals of freedom and opportunity that made this nation. However, the test is before us, final and irrevocable. Everything heretofore has been preliminary, with plenty of cribbing. Not so now. You cannot crib in a test in which natural law is the judge.

Only production, thrift, economy and honesty in public and private life can stem the tide of inflation now.

**WHITE HOPE OF MANKIND**  
War on the scale that it is being fought today, involving civilian and military forces alike, has caused forebodings of the gloomiest character. It has been predicted that civilization could easily crack under the strain, dragging us all to doom along with the dictators we are fighting.

The most hopeful sign that this will not happen lies in the progress that has been made in the field of scientific medical research and in the wide application of the results of that research. Such death-dealing diseases as smallpox, typhoid, tuberculosis, pneumonia and others too numerous to mention have either been eradicated or largely controlled. Most of this miraculous progress has taken place right here in our own country.

**Washington at a Glance** By Charles P. Stewart

WASHINGTON — Axis newspaper and radio commentators who profess to recognize an expression of American war weariness in Republican gains at our recent election undoubtedly know a great deal better. Naturally it suits its propagandistic purpose to represent the vote to their various audiences as anti-warlike in its tone. Anyone with judgment enough to have a genuine editorial opinion on the subject can't but realize, however, that the Yankee public far from voicing disapproval of our participation in the conflict, was trying to serve notice on the Washington administration that it isn't fighting hard and fast enough.

There's dissatisfaction with our effort, certainly, but it's based on the ground that it's been bungled; not that we're engaged in it.

Chances are that the Republican gains will steam up our activities and improve our organization instead of discouraging them, as the Axis broadcasters are predicting, pretty surely disbelieving in their own prophecies.

One thing that very safely can be foreseen is a considerable consolidation of our executive agencies. Besides being too numerous to be effective, they've conflicted to the extent of actually hampering one another. Visitors, in the capital on war business, simply are distracted by the con-

in a comparatively few years. Our medical men have been able to work in unique freedom. No social dogmas or political oppression in any form hampered their work. In addition to their own research, they were able to utilize to the fullest extent the scientific knowledge painfully accumulated by medical martyrs amid disease, death and tyranny the world over.

The surest guarantees for the future health of soldiers and civilians alike, are our efficient medical officers and private physicians who can bring into play the scientific resources of centuries to protect and save life.

Without this safeguard for our physical welfare, our spiritual foundations could be sadly shaken. And though the pioneering work of medicine will never be completed, it has advanced sufficiently to be the white hope of mankind in the present horror.

**Entire Change in Ideas About Tuberculosis**  
By LOGAN CLENDENING, M. D.  
THE ENTIRE conception of tuberculosis has changed, and it has done so, not only during my lifetime, but really since I graduated from medical college and started in practice. One of the early ideas was that it is hereditary. That had passed.

Dr. Clendening will answer questions of general interest only, and then only through his column.

into limbo before my time. We knew it was infectious, but we had no realization of how frequently it is transmitted from human being to human being. The reason the older medical authorities thought it was hereditary was because it so often occurred in several members of a single family. Now we know the reason for this is that one person in a family will give it to the others. Infection occurs from adults to children.

We firmly believed in my student days that the diagnosis could be made by listening to the chest with a stethoscope if only you conducted the examination carefully enough. Now we know that at least half the cases are missed this way, no matter how expert the doctor is with his stethoscope, and that the x-ray is really the final test for diagnosis. The stethoscope is used merely to determine the degree of activity of a case.

**Changes in Diagnosis**  
It used to be considered that the final and determining test for the diagnosis was finding the germs in the sputum. Now we know that if they are found it is a late case.

Under treatment it was taught like gospel 40 years ago that the patient could get well in his own home. Only a few arrangements had to be made to give him fresh air and the treatment would be just as successful at home as anywhere. Now the conviction is established that wherever possible the patient with tuberculosis should be placed in an institution, primarily in order to protect the other people in the home. All that was needed for cure

**Road to Romance** by LOIS EBY and JOHN C. FLEMING

IT WAS dawn when Bruce... moved his head in the wet grass by the roadside and opened his eyes. He could see the branches of a eucalyptus tree above him and he could feel the violent throbbing of his head. He struggled to one elbow and looked about him. The car was half over on its side in the gulley that bordered the narrow hill road. It had thrown him clear. Lucky for me I had the time to down, he reflected. After a while he got slowly to his feet, trying his limbs for broken bones. Then he crawled slowly up to the edge of the road and started walking in the direction of the coast highway. He heard a chugging engine and turned to see a truck topping the hill behind him. He hailed it.

Mary relaxed for a few precious minutes in a hot tub. She had been dashing about all day; had given the apartment a thorough cleaning, shopped for dinner, pressed her silk blouse and several bits of lingerie. She thought humbly now, "I have a wonderful habit of getting out a lot of work when I don't want to have time to think."

When she went to work that afternoon she would have to go over to the F. B. I. office and confess to Danver about last night. She had deliberately disobeyed his orders in going out with Joe Banks and she didn't know how he would react to it. She wondered now if she had been so smart in meeting Joe Banks' friends. It had seemed imperative to her at the moment to take advantage of the opportunity. And she knew she couldn't see them in the darkened barroom unless she went right into their midst. Now she could always identify them—if that ever would be of any help to anyone.

She felt tired and depressed now that she had stopped long enough to find it out. She and Joe Banks must have gone to 20 bars last night in her desperate effort to find Bruce. She wished violently now that she had come home with Bruce when he asked her to. Why on earth had she thought it more important to see those four, disreputable looking men? What had happened to Bruce? Would he come back to Nordex today? He had said he was through. She probably would never see him again unless he was arrested for sabotage!

She dressed quickly, brushed her hair that clustered in damp curls about her face, and tied an apron over her bright peasant dress. She broiled a lamb chop and got her potato and buttered spinach from the oven. As she poured a glass of milk, she thought desperately that this was the worst of being on the swing shift—having to eat her big meal at 3 o'clock in the afternoon—and alone.

It was then that the doorbell rang. Mary crossed to answer it, telling herself firmly she must not subscribe to any more magazines, no matter how small or pathetic the boy. She opened the door with a rush of bright refusals on her lips—and screamed.

On the threshold was Bruce Martin, his tuxedo suit torn, caked with mud and smeared with oil, his face bruised and dirty. He looked exhausted. He smiled at her, though, when she screamed "You don't like tramps, uh?"

She stepped back and held the door open. "Come in!"

But Bruce shook his head, then he grinned as he looked at her bright, trim prettiness. "Not dressed for calling," he muttered. "Just came to see if you were all right. Looks like you are." He suddenly looked stern and added, "I just wanted to tell you, though—I won't listen." Mary cut in sharply. "No! unless you come in and sit down!"

He regarded her with amused surprise. "Oh, all right. Don't get violent again, though."

She shut the door and followed him in. "I didn't mean to be rude," she laughed as he sank into a chair, "but you looked as though you were going to fall down if you didn't sit down. What happened?"

He shrugged. "Car leaped the road last night. I've been helping the local garage man get her out of the ditch all day. Stopped here on the way home to see you before you went to work."

"Excuse me," Mary ran out of the room, to return in the next instant with a pan of hot water, soap and bandages.

"Oh, you wash your guests, do you?" Bruce grinned weakly.

"I certainly do," Mary smiled firmly, "when they haven't any more sense than to cut their face up like this." Deftly she washed and bandaged the long gash in his cheek and on his wrist. "Any more?"

"Afraid not," he grinned lazily. "You're a mighty handy article, Redhead. Pretty, too. But you make me dizzy charging around so fast. Sit down. I want to scold you."

"You couldn't scold a flea right now," scoffed Mary. "Did you have any lunch?"

He considered this carefully. "I had a cup of coffee sometime this morning," he remembered finally.

Mary ran to the kitchen, laid a fresh line of napkins over a tray, and on it set the gay pottery dishes on which she had arranged her dinner. She carried it back and set it on Bruce's lap. He looked in blank amazement at the broiled chop, the steaming potato with its yellow chunk of butter, the spinach on the

**Around 1,000 Tires Turned in by Owners**

W. B. Tooker, Railway Express Agent here, has revealed that during the past few days the agency has received around 1,000 auto tires, turned in by owners of more than five tires for each automobile.

It is believed that there are two or three times as many more surplus tires to be turned in before the gasoline rationing cards are applied for during the three days starting November 12.

Those who have more than five tires per car are required to turn them in, and also to have the serial numbers of the tires they have on their cars, as well as the one extra allowed, to give to the registrars.

The Railway Express Agency here is calling for a little more cooperation on the part of those who turn in tires, so that the burden of work will be lessened.

In a statement issued Monday, Agent Tooker says:

"We have handled around 1,000 tires the past few days which entails a lot of extra work. We are glad to do this as it is a definite step toward easing the rubber shortage, but we would like a little more cooperation from the people who are shipping the tires."

"If they will clean the tires off, instead of bringing them to us covered with mud or coal dust, we would appreciate it. Then, too, when they bring in more than one tire, we would appreciate it if they will have listed the make and size of each tire, and have them tied in bundles. This will enable us to handle the customers more quickly, and relieve the tire congestion in our office so we will be able to ship them faster, if we don't have to stop to clean them off and tie them up."

"Any help you can give us along this line will be greatly appreciated."

**COMPARATIVELY FEW IN COLUMBUS, Nov. 13.—(AP)—**Ohio automobile owners with more than five tires to a car are flooding the federal government with their "extras" to qualify for gasoline rationing, and the crest apparently hasn't even been sighted.

A survey of six cities showed today 120,700 tires collected, and a spokesman for the railway express, designated as official gathering agency by the Defense Supplies Corp., said "we haven't even scratched the surface yet."

The rush developed as motorists sought to qualify in advance of the November 18-19 and 20 registration dates for gasoline on which rationing start.

Automobile owners with few exceptions have been instructed to sell all except their five best tires to the government at prices fixed by appraisers. Those having more than the basic five tires a car will be denied mileage ration books.

Miss Sara Virginia Wolfe Is United in Marriage to Mr. Maynard Austin Wilson

Beautiful in its marked simplicity and pronounced dignity, the wedding of Miss Sara Virginia Wolfe and Mr. Maynard Austin Wilson was performed Thursday evening, November twelfth.

The bride is the daughter of the late Mr. Arthur Wolfe and Mrs. J. N. Walker, of Martinsville and the bridegroom the younger son of Mr. Ray Wilson and the late Mrs. Marie Payve Wilson.

The Walker home was a perfect setting for the beautiful nuptial service, with a wealth of flowers artistically arranged. An improvised altar of pines was illuminated by white candelabra burning tall cathedral tapers, casting a soft glow over the bridal tableau.

Before the ceremony, Mrs. W. R. Pyle, a cousin of the bride, sang, "Beloved, It is Morn," accompanied by Miss Ann Todhunter at the piano, who changed into the strains of Lohengrin's Wedding March at the close of the solo.

As the hands of the clock approached half past seven, Reverend Vernon Van Buren of the Wilmington Methodist Church, Mr. Wilson and his best man and brother, Mr. Robert Payve Wilson took their places at the altar.

The bride, entering on the arm of Mr. J. N. Walker, who gave her in marriage, was lovely in her mother's bridal gown of white batiste, with inserts of handmade lace. A beautiful coronet of tiny flowers held her fingertip veil of illusion. Her shower bouquet was of white roses and azaleas, tied by a cascade of white satin ribbon.

The lovely bride was attended by Miss Betty Wilson, sister of the bridegroom, who wore an aqua moire taffeta made with full skirt and tight bodice, and with wine velvet bow trims. She carried a bouquet of yellow roses tied with aqua ribbon.

Mrs. Walker was handsomely gowned in black braided alpaca with a corsage of red roses.

A reception was held immediately following the wedding at the home. The buffet table was centered with a two tiered wedding cake, which the bride cut during the evening. The appointments were carried out in an army motif of red, white and blue, and were exceptionally beautiful.

The bride and groom were sped on their honeymoon with showers of rice and good wishes. Mrs. Wilson wore for her going away costume a beige tailored suit with brown accessories, and a corsage of yellow roses.

The bride is a graduate of Wilmington High School and Wilmington College and is now teaching in West Chester.

Pfc. Wilson graduated from Bloomingburg High School and was engaged in farming with his father before entering the army. He is here on a fifteen day furlough from Ft. Barrancas, Fla.

The Men's Bible Class of the Methodist Church in Jeffersonville assembled approximately eighty-five members and guests for an enjoyable supper and meeting in the church basement Thursday evening. This is an annual affair and is particularly enjoyed by the men.

Following the supper, Rev. W. S. Alexander, teacher of the class, acted as chairman of the meeting, which opened with an invocation and devotional service. Rev. Alexander followed this with an interesting and inspiring talk. Two appropriate and well presented musical numbers by Phyllis Dill and two excellent readings by David Baughn interspersed the program. IMMORAL PARTIES STAGED IN JAIL—SO SAY CHARGES

SPRINGFIELD, Nov. 13—(AP)—The Clark County Grand Jury will be asked to investigate reports of "widespread immorality" in the Clark County jail, Prosecutor Jerome A. Nevius asserted. He charged women prisoners were taken from their cells for the "purpose of staging immoral parties." A sheriff's deputy and two jailers have been suspended.

Mrs. Otis B. Core Adds Two Lovely Parties to Society Season Thursday

Adding two lovely parties to the week's social events, Mrs. Otis B. Core was a most gracious and charming hostess to two beautiful affairs on Thursday.

In the afternoon, the hostess, whose entertaining is always of pronounced perfection, assembled five tables of bridge for a very lovely time at her home on Washington Avenue.

Preceding the game, a tempting dessert course was served at the small tables, centered with unique pilgrim figurines and clever turkey candles. The hour was exceptionally gay in the pleasures provided by the hostess, and the sociability was continued throughout the bridge game.

The tallies and score pads were all symbolic of Thanksgiving, adding delightful party notes.

The evening party was a repetition of the afternoon, with the hostess graciously extended and enjoyed.

Very attractive awards in autumn wrappings were presented to Mrs. N. M. Reiff, Mrs. Clarence G. Hayes and Mrs. Darrell Thornton in the afternoon, and to Mrs. Ira V. Barchet, Mrs. M. Grove Davis and Miss Madge Dawson in the evening.

C. T. S. Class Holds Annual Experience Meet

The annual Experience meeting and covered dish supper of the Charlotte Tuttle Sisterhood brought to its members one of the most pleasurable times of the class calendar Thursday evening.

The First Presbyterian Church basement was beautifully decorated in patriotic colors for the affair, with streamers of red, white and blue draped from the corners to the center fixtures. Flags were placed at vantage points, and were most effective notes.

The long tables which seated the guests for the supper, were covered with snowy white cloths, with red, white and blue runners the length of each center. Tri-colored tapers burned in white holders on the tables, and miniature flags, favors of the affair, marked each place.

The supper consisted of most exceptionally delicious viands, all perfectly prepared, and for the hour was a most enjoyable one. The experience collection was held during this time.

Mrs. Regina Staubus gave most impressive devotionals, followed by a short business meeting conducted by Mrs. Charles Briggs.

Miss Emma Jackson gave a report on the Christmas boxes. A member of the class, Mrs. Harry Sprenger, gave a most interesting account of her recent trip to Colorado.

Guests with the class were Mrs. Jess Cross, Mrs. Ralph May, Mrs. Maude Harlow Coffman, Mrs. Nolin Hathaway and Miss Carolyn Turnpseed.

Buena Vista WSCS  
The Buena Vista WSCS met with Mrs. Elvira Jones on Wednesday afternoon for a most pleasant occasion, opening with impressive devotionals by Mrs. Hattie Burnett. The business session was conducted by the vice-president, Mrs. Eloise Haines. "Armistice Day" was read by Mrs. W. E. Chrisman during the program hour.

A tempting collation completed the afternoon's sociability.

Dr. and Mrs. Clarence L. Ford returned Thursday from Cincinnati, where they attended the dental convention at the Netherland Plaza Hotel.

Mrs. Paul Heerman, of Hamilton, will be the weekend guest of Mr. and Mrs. J. Roush Burton.

Mr. and Mrs. F. F. Russell were Thursday evening guests of Mr. and Mrs. Robert C. Crane and Mr. and Mrs. John R. Thompson of Columbus.

Mrs. L. E. Sexton and daughter, Ruth Jane, spent Armistice Day in Columbus.

Mr. and Mrs. Dale J. Glaze and Miss Ella May Kelly, of Columbus, will be Friday evening guests of Mr. and Mrs. Fred Kelly, coming from the Washington-Circleville football game.

Mrs. Nora Kirk, of Jeffersonville, spent Thursday with Miss Clara B. Thurston.

Thursday evening guests of Mr. and Mrs. Paul E. Pennington and daughter, Paulette, were Mr. and Mrs. H. D. Pennington, Miss Mildred Pennington and Mrs. Frank Thatcher, of Wilmington.

Mr. and Mrs. F. F. Russell have returned from a week's visit in Rochester, Indiana, with Mr. Russell's sister, Mrs. Clarence Peters and family.

Personals

Miss Joan Fortney and her two roommates at Ohio State University, Columbus, Miss Norma Van Skoik, of Hilliards and Miss Joan Judy, of Dover, were Armistice Day guests of Miss Fortney's parents, Mr. and Mrs. J. L. Fortney.

Miss Elizabeth Hendryx was in Columbus Thursday evening, where she was the dinner guest of Mr. and Mrs. Harry Hagis at the Virginia Hotel, and attended the lecture given by Professor Paul C. Bragg, of Hollywood, Calif., in the Rose Room of the Virginia Hotel.

Mrs. J. Earl Gidding, Mrs. Robert Craig and Mrs. Harold Craig accompanied by Mrs. Vernon Fairley, of Hillsboro, returned Thursday evening from a several days' stay at Beaumont Inn, Harrodsburg, Ky.

Miss Helen Simons returned to Ohio Wesleyan University, Delaware, on Wednesday, after having been confined to the home of her parents, Mr. and Mrs. Hoy Simons, by illness.

Mr. C. Eugene Hughes arrived from Pittsburgh, Pa. Friday to join Mrs. Hughes for the week end here before returning to their home in Bremen, Ga., on Sunday.

Mrs. J. W. Henceroth spent Thursday in London with friends.

Mrs. F. B. Post, of Iowa City, Ia., arrived Thursday evening to be the guest of Mr. and Mrs. J. E. Green for a few days.

Mrs. T. V. Ottinger, of Zionville, Ind., arrived Friday to spend the week end with friends here.

Mr. and Mrs. Robert Minshall are going to Cleveland, for the week end, where Mr. Minshall was called by business. They will also attend the Ohio State-Illinois football game.

Mr. and Mrs. Harold Streitenberger, of Springfield, were recent guests of Mr. and Mrs. Alva Streitenberger and daughter, Janice, in Lima.

Mr. Ralph Lucas will go to Maysville, Ky., Saturday, to spend the week end with his father, Mr. C. F. Lucas, who is a patient at the Haywood Hospital. Mr. Lucas will be confined to the hospital for two more weeks. Mrs. C. F. Lucas is remaining in Marysville with him.

Dr. and Mrs. Clarence L. Ford returned Thursday from Cincinnati, where they attended the dental convention at the Netherland Plaza Hotel.

Lovely Party In Compliment to Mrs. C. E. Hughes

Complimenting Mrs. C. Eugene Hughes, of Bremen, Ga., and bringing together a few of her closest friends, Mrs. Ira V. Barchet charmingly filled the role of hostess to an impromptu tea Thursday afternoon.

Mrs. Barchet's home was prettily enfeited with fall flowers, arranged at most effective places in the long and attractive room.

The afternoon was most delightful with the renewal of friendships with the very lovely guest of honor, welcomed to the utmost.

The tea table was a picture of beauty in its appointments and dainties. A white pottery bowl filled with pink mums around a white figurine, was flanked by two white swans and tall tapers in white holders. The colorful sandwiches and confections were pretty notes to the table, which was covered with an exquisite lace cloth.

Miss Elizabeth McDonald presided. The invited guests were Mrs. Louis Baer, Mrs. M. Grove Davis, Mrs. Russell Andrews, Mrs. Otis Core, Mrs. Alfred Hagler, Miss Laura Schadel, Mrs. William Daugherty, Mrs. Paul Van Vorhis, Mrs. Frank Baker, Mrs. Charles Reinke, Mrs. Lamoine F. home of Mrs. Margaret Colwell, where a most delicious course dinner was served at a handsomely appointed table. An artistic arrangement of white and gold chrysanthemums centered the table, drawing the admiration of all.

The ladies adjourned to the very hospitable home of the charming hostess, where an evening of contract bridge brought attractive awards to Mrs. Stanley F. Schneider and Mrs. Clarence Craig.

Autumn flowers were effectively arranged in the spacious room, adding colorful notes.

William Horney Chapter DAR Enjoys Guests

Armistice Day was observed by the William Horney Chapter D.A.R. at the home of Mrs. J. A. Watkins in Jeffersonville Wednesday afternoon with assisting hostesses, Mrs. E. F. McKee and Mrs. Gretchen Horney of Springfield.

The chaplain, Mrs. H. J. Smith read the scripture lesson, followed by prayer by Rev. W. S. Alexander. The regent, Mrs. J. C. Cannon, presided during a brief business session. Reports were given by the chairman of the various departments. Mrs. Glenn Nagy, a former teacher in Argentina, gave a very interesting talk on that country. The guest speaker for the afternoon was Rev. W. S. Alexander and he gave a very inspirational patriotic address. The meeting adjourned to meet with Mrs. A. E. Kemp for a Christmas party.

During an enjoyable social hour the hostesses served delicious refreshments. Guests included with the members were: Mrs. A. W. Duff, this city, Miss Phyllis Brock, Columbus, Mrs. Charles Wilcox, Potosky, Mich., Mrs. C. H. Milburn, Mrs. Lillie Straley, Mrs. Glenn Nagy, Rev. and Mrs. W. S. Alexander.

Men's Bible Class Holds Supper Meet

The Men's Bible Class of the Methodist Church in Jeffersonville assembled approximately eighty-five members and guests for an enjoyable supper and meeting in the church basement Thursday evening. This is an annual affair and is particularly enjoyed by the men.

Following the supper, Rev. W. S. Alexander, teacher of the class, acted as chairman of the meeting, which opened with an invocation and devotional service. Rev. Alexander followed this with an interesting and inspiring talk. Two appropriate and well presented musical numbers by Phyllis Dill and two excellent readings by David Baughn interspersed the program. The guest speakers were two members of the Rationing Board, Mr. Colin Campbell and Mr. Tolen Brown, who gave enlightening talks regarding the coming gasoline and other rationings.

The enjoyable evening was brought to a close with the benediction, given by Rev. E. R. Recor.

# Lions Get Light Drill for Last Game of Season

## -Spying- On Sports

By Hugh Fullerton, Jr.

NEW YORK, Nov. 13—(AP)—Did you know that there's a football team representing one of the "major" eastern colleges that is undefeated so far and hasn't had a nickel's worth of publicity about it? . . . The team is Princeton's 150-pound outfit, which may come through to another title if it can knock off Penn today. . . . The lightweights get only four games this year, since Yale and Lafayette suspended operations in the eastern 150-pound league.

### Today's Guest Star

Jack Clowser, Cleveland News: "The inventive genius of the modern scientist is likely to figure the answers to anything. They know how to knock out Stukas, put the kibosh on pneumonia in a few days and operate planes with no human beings in them. It will only be another decade or two before they learn how to stop Don Hutson."

### Shorts and Shells

Although the Sun Bowl game has been called off, El Paso fans like their post-season football so much that they've invited the second air force team from Fort George Wright, Wash., to play there Dec. 12, probably against Hardin-Simmons. . . . The Miners' alites bowling team of Chicago needed only an hour and 45 minutes to roll a 2334 score recently, which should be a lesson to athletes who claim you have to "take your time" to be good.

### High School Jinks

Here are some of the kids that high school grid fans think are the season's champs (no college scouts are allowed to beat the starting gun): Bob Lucas of Paulding, O., high has scored 272 points and gained 1,714 yards from scrimmage in seven games. . . . Juke Honn of Anamosa, Ia., completed 77 of the first 84 passes he threw this season for 1,434 yards. . . . and Bob "General" Lee of New Castle, Pa., has gained 1,145 yards by rushing in 130 tries, completed 21 of 45 passes, scored 15 touchdowns and as safety man, hasn't let an opponent get past him to score. . . . Oh yes, he does the punting and calls the signals.

## Ladies Lose To Gents in Alley Match

There was no chivalry in the bowling match between the Ladies and Gentlemen of the Ohio Bell Telephone Co. series on the South Main Street alleys Thursday night.

The Gents were no gents until the evening was nearly over. They took the first two games but lost the finale when they made their weakest effort against the best of their fair opponents.

Mrs. Clovis Graves, incidentally, turned in the highest score for either team in spite of a 120 for a starter.

## TEN ON SQUAD TO WIND UP IN GAME FOR TITLE

### Defeat by Circleville Tigers Would Bounce WHS Out Of SCL Championship

The mighty mites of the Blue and White Thursday evening after school held their last practice of the season at Gardner Park.

The little Lions spurred through their practice without difficulties. The session wasn't a very heavy one due to the nearness of the game with Circleville Friday night. Coaches Kissell and Miraben put their boys through their regular per-game practice and the Lions took the field with determination and plenty of the spirit they have had all season. The practice was a short and snappy one but it included the essential parts of the game, such as punting, practices, kickoffs, passing and a snappy signal drill.

Too add a little spice to the team before the big game, Don Harper veteran tackle for the Lions took a few extra laps around the quarter mile track. A bit of running was also featured at the practice. The squad lined up at one end of the field and ran to the other end. These are called marathon 100-yard warm-ups featured by the Lions.

There are two younger boys down at Gardner Park every evening the Lions practice. They might be called the "unsung heroes of the gridiron." They are the student managers, Bill Carson and Jim Hart. They keep the uniforms in shape and carry the balls up and down the field when the coach calls for them. These boys are not very well known in football, but they are their part in keeping the teams' equipment in shape for the games.

When the Blue and White of WHS takes the field against Circleville it will be ready for anything and everything. The boys will probably take plenty but they can also dish it out.

The Seniors of the team Thursday evening, really were in there. They didn't let up even though it was the last practice.

This year's Captain Bob Allen, has been the spark plug in the Lion forward wall in both offensive and defensive playing. Don Harper, tackle, has been out with a leg injury most of the season, but when Bill Curry got hurt Kissell called on Don to fill that tackle spot. When he started that game last week, he said "I'm going to make up for lost time."

Paul Shoultz, right halfback, has made a name for himself with the football fans and the students. He will be remembered for his outstanding running.

Joe Tillet, the other halfback has showed up in his famous razzle dazzle running. Joe will long be remembered for his performance in the Greenfield game. The mighty fullback, Perce "Powerhouse" Mann, is called the battering ram of the Lion backfield. Perce has given the fans their money's worth when he hit the center of the line to make those first downs that are needed to win a ball game. He will long be remembered, too, for his extra points and his punting.

Alex Wackman, the right end, has given the fans many thrills when he ran out for those long passes. This year was the first time Alex ever looked at a football and the first time that he has ever held one in his hands. Marlyn Engle, the right end

## Lion Coach Gets Rabbit's Foot And So Do All of Seniors on Team for Last Game

Coach Jerry Kissell has a rabbit's foot which he hopes will bring the Blue Lions luck Friday night against Circleville and also bring them the South Central League crown. The "charm" was presented to Kissell this week by Jimmie Miller, businessman and one of the downtown coaches, who takes a

great interest in the light Lions. Ten of the team members, all seniors, who will play their last football game Friday night for WHS, also were presented with lucky rabbit's feet Friday morning in a pep meeting held in the high school auditorium. With all these feet on the field, the Lions ought

to have some advantage anyway. The game being played on Friday, the thirteenth, also should have some effect on them and bring them luck—they hope.

The difference between a win and a loss (tonight) will mean the difference between the SCL crown or a three way tie with Circleville and

Greenfield. The hand will be on hand with some new maneuvers and will present a show at the half.

The ball which gave the Blue Lions victories over Greenfield, Dayton Fairmont and Bexley will be auctioned off to the highest bidder for War Bonds.

has been in the ball game all the way for the Lions and has to be given credit for the fine ball that he has played both on offense and defense.

John Anderson, quarterback, has played outstanding ball this year, both defensively and offensively. In the Hillsboro game, he caught two passes which added the Lions in victory. He gets the nickname of "rabbit John."

Stanley Mark another back, could pass, run or kick. He has been a dependable player all through the year and will be missed next year in the Lion backfield.

The last of the Seniors is Hunter Morris, an end this year did an outstanding job, especially in knocking down the interference on those end sweeps.

In the last four years the Blue Lions have won 28 games, lost 4 and tied 3. They lost to Chillicothe in '39; Hillsboro in '40; Greenfield in '41 and again to Chillicothe this year. The teams they have tied were, London in '39, Bexley and Greenfield in '40.

## Baker Team On Short End But Tough

The Pennington Bakers, who have been in the lower regions of the Industrial League standing since the start, gave evidence Thursday night that they are hitting the groove before long as they gave the high flying Pure Pointers a battle that forced them to limit to take the last two games by narrow margins after dropping the opener by a dozen pins. The Bakers had only an 81 pin handicap advantage.

Jones of the trailing Baker team turned in the high score of the evening with games of 203, 176 and 148 for a 527 total. Cooper, the Pure Point lead-off man, was the only other bowler to go over 500.

Gidding turned in one for the book when he hung up three identical scores of 150 for three consecutive games.

## INTENSIFIED OFFENSE MARKS 1942 FOOTBALL

### By ARNOLD DERLITZKI

CHICAGO, Nov. 13—(AP)—College football not only is continuing its trend toward greater offense under wartime conditions, but it is doing it with an even greater economy of effort. The nation's gridiron teams were averaging 222.8 yards a game on the basis of figures released today by the American Football Statistical Bureau. This compared with a 1941 final average of 221.8 yards per team per game.

And where last year's collegians averaged a point for every 16 yards gained, they're getting that point this year by traveling only 15 yards. As a result, 1942 teams are boasting of a 14.98 point a game average to the 13.75 of last year.

The statistical bureau's reason for it was greater scoring finesse

and even better coaching methods.

The advance in total offense can be attributed to superior running attacks, for at forward passing the country's footballers slipped from 1941 when they averaged 80.6 yards per game and also established a record for percentage of completions.

The most offensive minded section of the nation is the mid-west where major teams are averaging 247.7 yards a game per team, although running second to the southeast in actual scoring.

### LIONS DUCK COACHES AFTER LAST PRACTICE

After the practice, the Lions went into the dressing room and by surprise they mobbed their coaches, Jerry Kissell and George Miraben, and threw them into the shower with their clothes on.

This may be called a tradition on all football teams, but for the Lions and their coaches it was real fun. After the coaches waded from the shower, Coach Kissell exclaimed to Miraben, "We got a good hot shower any way."

## Statistics Useless In Trying to Dope Buck-Illini Game

### By JOHN H. COLBURN

CLEVELAND, Nov. 13—(AP)—Records and other statistical paraphernalia of the "form" players went out the window today as Ohio State and Illinois came here for their western conference title-bearing football game in Cleveland's lakefront stadium tomorrow.

The chips would be down for a loss would topple one of the teams from the top conference rung they now share with Iowa. So you can forget the records which show Ohio hasn't lost to Illinois since 1934 and holds a 16 to 12 edge in games won—with two ties—in 30 years of Ohio-Illinois gridiron rivalry.

Offensively and defensively, the statistics of this year's play give the Bucks an edge but this is a new football era for the Illini and statistics don't count. They didn't against Minnesota and Northwestern when ball stealing won for the alert Illini.

These two elevens are famous for staging hair-raising games and this may be no exception for the 60,000 or more fans who'll brave the breezes of Lake Erie to see the tilt which was shifted from Champaign, Ill.

Ohio and Illinois were scheduled for brief workouts this afternoon in the stadium to "warm-up" after their train rides here.

Closing their heavy workouts at Columbus yesterday, the Bucks eased up on passing practice and devoted most of a fast, snappy session to formulating defenses to stop the Illini's swift attack.

For the first time this season, Ohio will run up against an opposing line that can match the Bucks in speed—and speed, if the footing is dry, is expected to play a big part in the game's outcome.

Illinois' ace passer, halfback Dick Good, is suffering from

quickly for another play . . . Reese had to keep his eye on the ball and the clock to determine whether the play started before the period ended . . . The ball again went back to harder, but his interference jammed up on him and he was stopped at the goal just as the seconds ticked down to zero and Reese fired the shot that signaled a win for Iowa.

"It was the toughest spot, for things to do, I've ever been in," Reese declared.

### Wesleyan-Boston U. Game Postponed for Duration

DELAWARE, Nov. 13—(AP)—The football game scheduled Saturday between Ohio Wesleyan and Boston University at Boston will not be played until after the war. It was cancelled because of transportation difficulties.

**DEAL MADE FOR INVASION OF AFRICA BY AMERICAN AND FRENCH OFFICERS** (Continued from Page One) modern "message to Garcia" that led to speedy conclusion of the 7-hour occupation campaign. "Clark and all men on the mission volunteered enthusiastically. (A take in Gallagher's story is missing at this point.) "The house was filled with French military officers in uniform, although they had come in civilian clothes," said Clark. "We conferred all day and night until we had gathered all the information we wanted." Meanwhile Arab servants had decided that something suspicious was going on and had gone to the Axis-controlled Vichy police. The conference of American and French officers received word that police were on the way. "I never saw such excitement in my life," Clark said with a laugh. "Maps disappeared like lightning. A French general in military uniform changed into civilian clothes in a minute flat, and I last saw him going out of the window. They were going in all directions." Clark and his staff gathered up their papers and guns and hid in an empty wine cellar as police talked to the owner of the house over their heads. One of the Commando officers whispered, "I'm afraid if I hold this couch back any longer I'm going to choke to death." "I'm afraid you won't choke," Clark joked. The tall angular American general crouched in the cellar with a revolver in one hand and 15,000 francs in his pocket. "If the police came down I was undecided whether to shoot them or bribe them," he said. After spending an hour hidden away, the police departed, partly satisfied. The mission members decided it was no time to linger and, gathering their papers together, they departed. It was then that they lost their pants and shirts and practically everything else when their boats upset crossing some water nearby. "We lost almost every stitch of our clothes and I lost some \$18,000 in gold," Clark laughed. "I wonder if Morgenthau (U. S. secretary of the treasury) will get after me for that." The party scrambled ashore with only their papers and underclothes, and hid in the woods through the day, alternately walking and shivering. Finally they reached a secret destination where a transport whisked them out of North Africa. Even then their mission remained secret. They reached London just eight days after the start of their journey. "The fact that land resistance was not terrifically great anywhere and we did not have to land in a place where the opposition was great testifies to the success of Clark's mission," Eisenhower said. "I am exceedingly proud of all of them. They took great risks and accomplished their work. It was a modern message to Garcia."

## Markets And Finance

**MARKETS AT A GLANCE** **CHICAGO** **WHEAT**—Lower; expect new subsidy program next week. **CORN**—Lower; feed wheat sales continued. **HOGS**—Fairly active; 5-15c higher; top \$14.10. **CATTLE**—Small supply held steady. **NEW YORK** **STOCKS**—Easy; price changes narrow. **BONDS**—Irregular; some rails higher.

**GRAIN MARKET NEWS SUMMARY** **CHICAGO**, Nov. 13.—(P)—Rye prices slumped almost two cents a bushel and wheat and corn lost nearly a cent today before the grain market steadied. Liquidation of December delivery contracts broke out in the rye market and spread to other pits. This touched off stop loss selling and general evening up of accounts. Belief that the government will act next week to relieve the wheat-flour price squeeze through release of grain to mills in order to preserve flour ceilings and continuation of the government's feed wheat sales program without price change attracted attention. Although rallying due to late short covering, wheat closed 3/4c lower than yesterday, December 1.25 1/2-1/2, May 1.28; corn 1/4c off, December 83 3/4c, May 88 3/4c; oats 1/2-1/2c down; rye 1 1/2-1 1/2c lower and soybeans 1-2 1/2c lower.

LAST PEP RALLY OF SEASON IS HELD AT WHS

Rabbit's Foot Given Each of Seniors Before 'Snake Dance' Feature Revived

The Washington C. H. High School students were treated with their last football pep meeting of the year and the last one in school life for the 90-odd seniors Friday morning in the high school auditorium.

The feature of the meeting was a "snake dance" which took the students from the auditorium. The idea was brought back by Karl J. Kay, teacher at WHS, who said the song could be remembered by students of about 20 years ago, when the song was last used in the high school. The students snake-danced through the auditorium and out the doors. Kay said the idea of the dance was "to encircle Circleville."

He played the song on the pipe organ and Mrs. Marian Gage, a former student, who played when the song was used before, accompanied on the piano. The cheer leaders, Carol McCoy, Alma Jane Norris and Kate Knapp led the student body in same rousing cheers and yells and introduced the ten senior members of the team who will play their last football game for WHS Friday night. Each player responded with a few remarks. Miss McCoy then presented each senior member with a rabbit's foot, good luck in the game to be played on Friday the 13th. Coach Jerry Kissell already has his rabbit's foot.

Both coaches, Head Coach Jerry Kissell and Assistant Coach George Miraban, made remarks in regard to the game. The student body was enthusiastic and was ready for the game in the Lions hope to snatch the South Central League championship. Most of them will be on hand for the game. The WHS Band, under the direction of Paul E. Fitzwater, also took part in the pep meeting.

GIRL FROM HERE IN NYA TRAINING

Miss Marian Justice To Go To Mt. Logan Center

Miss Marian Justice, 425 Circle Avenue, Washington C. H., and Miss Betty Sullivan of Frankfort, have been accepted by the National Youth Administration for war production training at the Mt. Logan Resident Center near Chillicothe. Miss Justice will take up a course in welding and Miss Sullivan has chosen the machine shop training course with a possibility of entering radio work.

With the present emergency demand for skilled workers, the NYA, now a division of the War Manpower Commission working with the United States Employment Service, can guarantee placement to all trainees in machine shop, welding, sheet metal fabrication or radio. Youths completing three months of training in radio now have a chance for eligibility in the U. S. Signal Corps.

Young men and women between the ages of 17 and 25 years of age (a few selected out of school 16-year-olds) married or single, citizens of the U. S. are eligible for NYA training with pay plus maintenance.

Miss Catherine Weis, NYA Field Representative, is in Washington C. H. each Thursday afternoon from 1:30 to 3 P. M. at the U. S. Employment office to interview youths. Also, appointments can be made with Miss Weis to come for home interviews by writing her at 11 South Fourth Street, Columbus.

LONG MISSING FISHING TACKLE IS RECOVERED

Some valuable fishing tackle stolen from Ed Fite while he was fishing along North Fork of Paint Creek three months ago has been recovered by Sheriff W. H. Icenhower.

The tackle was in the hands of some boys who had obtained it from other boys who in turn had stolen it.

No arrests were made in connection with the case.

DIVORCE SOUGHT

Emma Whited, charging gross neglect of duty, has filed suit in Common Pleas Court asking for a divorce from Richard Whited, to whom she was married in this city in May, 1940. Parties separated in September, 1941, according to the petition. Plaintiff also asks that she be restored to her maiden name of Emma Leach. Norman L. McLean represents the plaintiff.

UNION CHAPEL SERVICE FLAG HAS 18 NAMES

Dedicatory Ceremonies To Be Held Sunday Morning By Rev. J. H. Baughn

The boys of the Yatesville community, up in the north-central part of Fayette County, who have gone to war with the country's armed forces have not been forgotten by their friends and neighbors and the congregation of Union Chapel is going to see to it that they are given more than mere passing recognition.

Next Sunday a new service flag is to be unfurled in a special service which will start at 11 A. M. to give everyone time to get to church.

Rev. J. H. Baughn, the pastor of the chapel, is to deliver the dedicatory address and pay tribute to the community's fighting men. The minister said the unveiling ceremonies would be combined with the regular church services at the later hour for this Sunday only and that in the future services would be held on the old time.

The scroll will bear the names of 18 young men but space is to be left for the names of others who are expected to be joining the service before this war is won. Here are the names that will be on the service flag when it is hung Sunday: Earl Lynch, Fred Daley, Harry Daley, Maurice Kelly, Max Badger, Orville Badger, Dean Moore, Robert Summers, Ernest Moore, Robert Wittridge, Arthur Moore, Clarence S. Gordon, Darrell Beekman, Forest W. Stevenson, Carl Anderson, Ed Pitzer and Lawrence Pitzer.

OHIO INDIAN RELIC COLLECTORS GROWING

Society Now Has Over 100 Members Enrolled

The recently organized Ohio Indian Relic Collectors Society now has a membership of over 100 although so far as known none of the collectors in Fayette County belong to the organization.

The third meeting of the society was held at the Ohio State Museum in Columbus, recently, with an attendance of 30 members and many interesting specimens of the stone age were displayed. Exhibition of fine specimens is a feature of each meeting.

Applications for membership may be filed with the Ohio State Museum, which will turn them over to the proper officers of the organization.

HIGHWAY PATCHING FOR THE WINTER

Crews Busy Pouring Cracks On Paved Roads

State Highway Department maintenance crews in the county have been busy patching and filling cracks in concrete and brick paving to make them waterproof and prevent damage by freezing during the winter.

This important task prevents a great deal of damage to the highways by eliminating water which would freeze in the fissures and damage the paving.

A special asphaltic mixture is used in filling the cracks and making the necessary patches to preserve the water-tight surface.

Some little time will be necessary to complete the task.

Guadalcanal Island was named by a 15th century adventurer for his home town in Spain.

FAYETTE SALES TAX INCREASES DURING WEEK

Last Week in October Is Much Better Than a Year Ago

Sale of prepaid tax receipts in Fayette County for the last week in October greatly exceeded those of the same week a year ago, as shown by the official report of Don H. Ebricht, state treasurer.

Total sales for the week reached \$2,994.02 and a year ago for the same period the sales, including automobiles, tires, etc., reached only \$2,288.59.

This indicates that the volume of business is increasing steadily in Fayette County regardless of a great many articles that can not be purchased due to war conditions.

Total sales in Fayette County up to November 1 reached \$92,839.52 compared with a total of \$106,034.48 for the same period last year.

In the state generally substantial gains were shown in some classifications for the week, the total sales dropped \$98,243.

Sales during the last collection period amounted to only \$1,215.69 as compared with \$1,313.912.81 during the comparable period of a year ago.

Those classifications which ranged in the upper brackets include food, which rose from \$115,195.97 to \$136,918.75; apparel, which climbed from \$89,769 to \$116,389.41; and general, which moved from \$138,508.76 to \$207,997.96. Meanwhile the heaviest loser in the group which pointed downward was the automotive group which dropped from \$199,396.64 to \$90,993.55.

The other four groups to toboggan during the last collection period were furniture, which skidded from \$85,175.83 to \$76,979.64; building moving down from \$143,661.45 to \$84,836.47, this group like the automotive group showing marked effects of governmental priorities.

A section of the church will be reserved for the Legionnaires.

ANNUAL MEMORIAL SERMON SUNDAY

Paul H. Hughey Post Will Attend in Body

The annual memorial services in connection with Armistice Day, will be held at Grace Church, Sunday at 10:30 A. M., and Paul H. Hughey Post will meet at the hall at 10 A. M. and attend the services in a body.

BIG GASOLINE PIPELINE COST IS \$83,000,000

Surveyors Are Expected in Fayette County in Short Time

Surveys for the \$83,000,000 gasoline pipeline which is to cross Fayette County, are now under way in Illinois and Indiana, and will probably be made through Fayette County within the next few weeks.

First news of the pipeline's crossing through this part of Ohio was made out of this city Thursday, later confirmed by the Associated Press and carried in the state press generally, Thursday evening and Friday.

Tentative plans call for starting the survey in Ohio December 1.

The line is 24 inches in diameter, starts at Longview, Texas, in the heart of the rich oil fields, extends up through Arkansas, southeastern Missouri, across Illinois, Indiana, Ohio and Pennsylvania.

It is expected to cross Fayette County a few miles north of this city, and close to Bloomingburg.

WORK IS UNDER WAY AT FAMOUS BRIDGE

Work is under way at the covered bridge on Route 22 at North Fork of Paint Creek, where the double wooden structure is to be torn away and a steel bridge erected.

It will be some little time before the old bridge can be moved upstream and a run-around arranged so the new abutments can be built and steel bridge erected.
